F5 **ESSENTIAL SECURITY**

FINISHES as standard:

- 7= Polished Brass
- 9= Satin Nickel

If you need a cylinder performing essential security, F5 is the right choice.
F5 is the basic level cylinder for your access requirements.

Approximate Master Keying capabilities are as follows:

- Simple MK and differs allows for approx. 480 differs under a single Master Key*
- It can be possible to divide the master key system into sub groups. This reduces the number of differs available as they have to be split between the sub groups*
- **The addition of a common entrance reduces the differ capability in every case above
- Differ cylinders provided with 3 keys
- Master keyed or Keyed alike cylinders provided with 2 keys

EN1303 Classifications
