F6 Extra

ESSENTIAL SECURITY PLUS

F6 Extra

FINISHES as standard:

- 7= Polished Brass
- 9= Satin Nickel

Do you need a basic level of security with good master keying capability?

F6 Extra is the right cylinder to manage doors which do not need high security defence but which will protect against certain external attacks thanks to additional features within the cylinder itself.

Carries British Standard Kite mark certification TS007 1 Star and Secured by Design accreditation.

Approximate Master Keying capabilities are as follows:

- Simple MK and differs allows for approx. 1200 differs under a single Master Key*
- It can be possible to divide the master key system into sub groups. This reduces the number of differs available as they have to be split between the sub groups*
- **The addition of a common entrance reduces the differ capability in every case above
- Differ cylinders provided with 3 keys
- Master keyed or Keyed alike cylinders provided with 2 keys
