ELECTRICAL COLLECTION

HERITAGE BRASS ELECTRICAL PLATE FINISHES

Heritage Brass offers a variety of finishes. The illustrations throughout the catalogue provide a good representation of these finishes subject to the constraints of the colour printing process. Viewing the actual finishes in differing types of light may cause subtle perceived differences in colour tone. Whilst much care is taken in maintaining the consistency of our antique finishes, colour tones and surface patterning may vary slightly due to the individual plate finishing processes involved.

STANDARD FINISHES

- 01 Polished Brass**
Warm, traditional and opulent.

- 02 Polished Chrome**
A bold and contemporary finish with a mirror effect.

- 03 Satin Chrome**
The brush marks create a modern matt finish which is less prone to finger marks than polished finishes.

- 44 Satin Brass**
A modern alternative to traditional Polished Brass, this brushed texture beautifully mellows the colour of solid brass.

- 05 Satin Nickel**
The honeyed grey tone created by brushed nickel plating on brass provides a warmer alternative to Satin Chrome.

- 06 Polished Black Nickel**
A highly reflective finish created by adding a black dye to polished nickel plating.

- 66 Satin Black Nickel**
A semi gloss finish with brush texture creating a softer alternative to Polished Black Nickel.

- 08 Polished Nickel**
This reflective finish gives a warmer alternative to Polished Chrome.

PAINTABLE FINISHES

- PW Primed White**
Finished with high quality white primer, these plates can be painted to meet specific colour requirements.

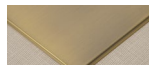

ANTIQUE FINISHES

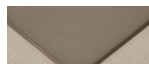

- 07 Polished Bronze**
A gloss alternative to Matt Bronze with a subtle dark chocolate colouring.

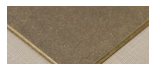

- 09 Matt Bronze**
This rich finish with a hint of chocolate colouring proves to be a popular choice for traditional and contemporary interiors.

- 91 Antique Brass**
A variation on brass which retains a warm character but adds maturity by highlighting the variance of shades.

- AP Aged Pewter**
This matt grey finish with brush texture provides a tonal midway point between Satin Nickel and Satin Black Nickel.

- RB Rustic Brass**
This striking hand created mottled finish highlights a range of brass shades creating an aged rustic appearance.

- RN Rustic Nickel**
This striking hand created mottled finish highlights a range of nickel shades creating an aged rustic appearance.

- RC Rustic Copper**
This unique hand created mottled finish highlights a range of copper shades creating an aged rustic appearance.

POWDER COATED FINISHES

- BK Matt Black**
A sleek and contemporary textured finish.

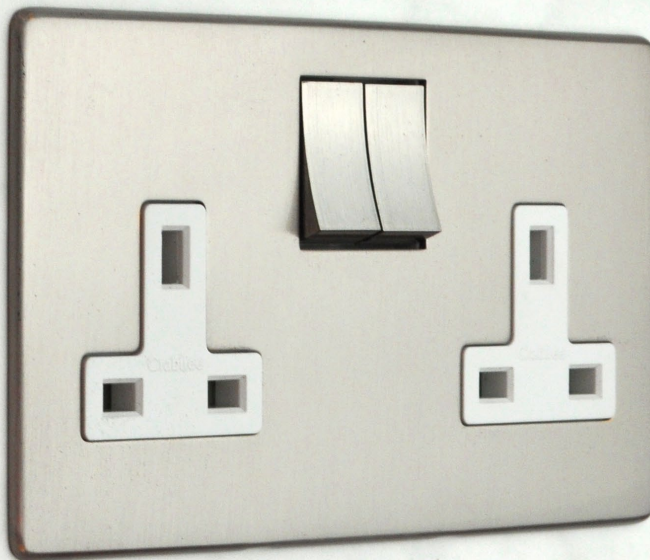

- WH Matt White**
A minimalist finish.

INDEX

VERONA RANGE

Screwless Plate

Matt Bronze VR9

THE VERONA RANGE

Understated yet timeless. The subtle twist of Antique and Polished Brass inserts compliments the warmth of our popular Matt Bronze finish in our new Verona Range. The elegant combination suits both contemporary and traditional decor schemes. A match made in heaven.

WINDSOR RANGE
Screwless Plate

Matt Bronze WN9

THE WINDSOR RANGE

The Windsor Range offers a stylish screwless square plate with sleek white or black inserts for an elegant and contemporary design.

The Matt Antique Brass finish provides an alternative to our popular Antique Brass finish. The finish retains its warm and opulent character while the matt lacquer creates a consistently smooth look whatever the lighting.
